• PRODUCTS DETAIL

•

Main Features:

- 1.Design: Classic Europe Design , solar panel, Battery, LED panel are all in One
- 2.Solar panel: High efficiency Glass Lamination panel
- 3.LED: 360° professional lighting distribution
- 4.Battery : A graded Li-ion battery No.18650
- 5.PIR :Motion sensor distance over 15M and 2pcs at sides
- 6.Japan original PC material, Light transmittance over 97%

Technology: three core Intelligence technology to improve brightness 30% and save power 50%
